A new Church plant launched with 769 at the Grand Opening!

"Sir, this area has a lot of people (that need) to be reached. Even the local government staff has shown interest as we continue to start new community groups around their homes." -Pastor Rodno

Just a few days ago we launched our newest church plant pastored and led by Pastor Rodno Tamba, a kind hearted leader and a shepherd who truly wants to reach everyone in his community. Pastor Rodno and his team started incubation of this church in early 2019.

Global Surge Worship Center North Pasig Launched with 769

- 440 visitors
- 79 volunteers
- 250 kids
- 380 professions of Faith
- 36 community groups

- 157 people attending C-groups every week
- 58 involved in one-on-one discipleship

We are looking for partners to help provide the funds for a full band and media package. If you're looking for a great family or church project we can fully equip pastor Rodno's church for **only \$7,500.**

Consider a partnership! Come, meet, serve, and worship along side pastor Rodno and his amazing team! Pastor Rodno continues to be a light in a crowded and dark city.

Yes! Those are roosters just outside the covered basketball court where we launched.

Thank you for partnering!
