

# BILL & CINDY HAAS

## Native American/First Nations Mission August 2020

### Answered Prayer

Two years ago, this week, as I was being released from a Fargo, ND hospital, I thought my preaching days might be over! You can imagine the joy that I was experiencing while preaching to the multi-ethnic population of Aurora with our church folks from New Heights Baptist Church.

### Prayer Requests

Please pray for Jolee Spotted Tail. She is only 38 years old. Doctors have told her that she has a 35% chance of living 90 more days! Jolee is a single mother with three children.

Myself and Jolee Spotted Tail

She has a genetic heart defect. She's quite depressed. She says she knows the Lord. But I have given her the gospel anyway. Please pray for her!

Pray also for Wilma Running Enemy. She has been suffering with cancer. She is suffering terribly. Wilma knows the Lord. These ladies really need your prayers!

### Denver Update

Due to COVID-19, Denver Indian Center has reduced its hours. I intend to volunteer at DIC as it slowly reopens. Denver Indian Health Center is also a good place to volunteer and get to know people in the large Native community here in the Aurora/Denver area. In the meantime, we are trying to use our creativity to find different ways to meet Native American people.

Support: CMC, P.O. Box 219228, Houston, TX 77218-9228 and include a note stating "Support: Bill/Cindy Haas".

All of the things which attract Native people, including the large Denver powwow, one of the largest events in North America, have been cancelled this year and but the powwow will take place March 19–21, 2021, at the historic Denver Coliseum. Our goal is to set up a booth at this event and distribute free water bottles, giving out gospel tracts to those who come to get water. I'm going to write a tract on "Mní Wíčóni." This is a phrase from the Lakota language which means "water is life!" and it became the rallying cry of a fairly recent movement to protect Native water rights. So, every Native who comes to our booth will recognize the phrase. Our plan will be to tell them of the water of life that Jesus Christ offers to the world!

Water is life: John 4:14
