Native American/First Nations Mission May 2021

Prayer Requests

I suffered another. Recovery ongoing. Please pray.

My wife Cindy: Meniere's Disease (form of vertigo)

Gene Burton continues to steadily recover from COVID, although slowly. Please pray for him!

Darren Scott-stage 4 liver disease and cirrhosis; his battle with alcohol

Dory- continued spiritual growth

Eddie- grieving over the death of his brother in combat; PTSD and fighting alcohol; unbeliever

Larry, a guy I went to high school with, lives about 90 minutes away. He's into traditional Native religion.

Please pray for Kathy. Demonic attack. Hearing voices. Suicidal.

Denver Update

My apologies for the months that have passed without a letter. I suffered another stroke and, frankly, haven't felt like writing. Most of March and April were spent in the hospital and rehabilitation. On top of that, we had computer problems.

Cindy's recovery from **cancer** surgery is going well! We truly appreciate your prayers! She is feeling better along those lines, but now facing a battle with vertigo. Pray for her.

Darren has good days and bad days, mostly bad. When the Lord saves the soul, He doesn't always fix the abuse caused to the body through sin. Too much dependence on alcohol damages the liver. Pray for Darren. He is saved, but battles with his problems in the flesh.

Please continue to pray for Darius. He left Denver awhile back, returning to his home reservation in North Dakota. Although not as intense, he is still experiencing demonic oppression, especially when he's reading his Bible, praying. Witnessing, and going to church. Please continue praying for Darius.

Because of the stroke, mobility is a challenge. Insurance is going to cover an electric wheelchair (pictured below). We are trying to raise funds for a minivan with a wheelchair ramp. If you'd like to help with this effort, include a note on separate stating it is for "Haas/Native America/handicap van fund."

Support: CMC, P.O. Box 219228, Houston, TX 77218-9228 and include a note stating "Support: Bill/Cindy Haas".
